

# ARTWORK PREPARATION FOR SPOT UV

---

## STEP 1

You are required to prepare 2 PDF Files for any print job with Spot UV.

File 1: A full colour printing artwork without Spot UV image.  
File 2: A file for Spot UV image only with transparent background.

- Note:
- a) Full bleed Spot UV is not accepted (exception for Packaging only)
  - b) Spot UV over Creasing Line is not accepted (exception for Packaging only)

**File 1**  
Artwork used for Offset Colour Printing

**File 2**  
Artwork for Spot UV

- a) Please ensure image is positioned accurately to avoid any mis-registration
- b) Please fill the Spot UV image in K=100.
- c) Save file with transparent background.

---

## STEP 2

Zip all files together, or combine them into 1 PDF File of 2 pages, and you are ready to submit for online ordering.

Repeat the same steps if you are printing both sides with Spot UV option.

Zip all files together

OR

Combine them into 1 PDF File of 2 pages

---

## STEP 3

Upload your artwork to place order.
